## OPEN HOUSE

**McAlester, Okla., Oct. 18, 2014**  
 498 Big Horn Rd.  
 McAlester, OK 74501  
 • Beverages, snacks and  
 Hors d'oeuvres served  
 all day.

## SALE LOCATION

**Breeders World, Oct. 22, 2014**  
**[www.breedersworld.com](http://www.breedersworld.com)**

## ABSENTEE BIDS

If you would like to place a bid on any animal but cannot attend the sale we would be pleased to accept a phone bid. Contact Curtis Curry and he will refer you to a representative of your choice or handle the bid himself to buy the animal at the lowest possible price.

## HEALTH

Individual health papers will be furnished for each animal. All females selling are officially calfhood vaccinated for Brucellosis.

## TRUCKING

We will help coordinate loads with a reliable trucker. We will take care of the cattle for a reasonable time while trucking plans are being arranged.

## RETAINED FLUSHES

The seller's will retain two successful flushes of six Grade One embryos each on every female in this sale. Flushes will be done at seller's expense and buyer's convenience.

- Genetics like these don't come up for sale very often. Half-sib to Barber's Gabrielle, Sooner and Terri, all national champions. The popular 901 cow is one of the best producing cows in the breed. Sydney is super stout, thick, deep and sound. Here is a guaranteed big time future donor prospect that could fit in anyone's herd.

- Talk about a future donor, 403 has the pedigree and the phenotype to qualify. Her sire, 88X, needs no introduction. He is one of the hottest bulls in the country and you cannot buy any semen on him. 403's dam is the ever-popular Reba cow that has produced so many good ones for us, including the past Show Heifer of the Year, CH JR Judy 0040, and our herd bull, Bedlam. Great prospect.

- Good, functional heifer sired by Bedlam. His calves are very good with great consistency. The dam, 7050, is a perfect uddered cow that raised a district champion for Chance Elam and the Bolinger family last year. We flushed her this summer with good success. Nice, balanced heifer prospect that should be a great cow after she's been shown.

- Here is the first heifer to sell out of the \$75,000 2013 Holden Herefords sale topper, 2037Z. This heifer is long spined and smooth made. I love the way her neck ties into the top of her shoulder. Her dam, Stormy, did her fair share of winning on the show road... this heifer may just follow in mom's footsteps.

- One of the Curry's best show prospect in the sale. Sired by Bedlam who is going to become more popular. The dam, 5064, was a popular show heifer for Cameron. She had great success showing and made an even better producing cow. 5064's grandam is the mother of very popular bulls, including HH Advance 026K used at Colyer's and HH Advance 932 used at Debter's. Ms Betty is super long fronted, sound on the move and long spined with great rib shape. She also is probably one of the thickest heifers in our offering. Great prospect. Full sister purchased last year by GKB Cattle Co.

- I keep repeating myself, but here is another good heifer sired by Bedlam. Super long bodied, big bone and big middled with a good look. Dam, 8176, was flushed this summer and has an almost perfect udder. Grandam, HH Miss Advance 365N, has been a prolific donor at Holden's where her bulls have averaged over \$15,000 each. The 365N cow is also the mother of HH Advance 8050 who was used heavily in Holden's and Hoffman's programs. Should make a great producer.

- Here is the first of three maternal sisters to LED GKB Legend 108 ET. Legend is the reigning Reno and Ft. Worth National Champion Polled Hereford Bull. This yellow heifer has lots of muscle and a big top. A definite donor candidate in a few years with the Amber and Ladysport cow families in her pedigree. The Game Changer calves sold extremely well in the Churchill and Hoffman sales. Here's your chance to get one.

- Here is another daughter of Amber with a bit of a twist. With an outcross pedigree for many breeders, 413 is a complete female in every way. 413 is a stout, big boned heifer that is great on the move. When you get her set up you will see she displays elegance and broodiness. Combine this phenotype with an outcross pedigree and a very nice EPD tabulation and you have a breeding tool anyone in the country would love to have.

- One of my favorites in the sale. 411 is sired by the young bull Lambeau raised by Topp Herefords and was also their top seller. We used him for his calving ease and never imagined we would raise a great prospect like 411. This young heifer is extremely balanced with a super amount of future. Her dam needs no introduction. CH Ms Reba 7016, is also the dam of Bedlam who has already left his mark here with us. Reba's calves never miss and 411 is no exception.

- Here is full sister to Lot 12, a little behind when we picked her up but is catching up fast. Great pedigree, great disposition. Red-eyed, nice heifer. Her pedigree speaks for itself. Super low birth weight with adequate growth and milk EPDs.

- Quite possibly Amber's best heifer since Stormy. This Kahuna daughter is thick, stout and good. Her front one-third is long and clean and blends well into her shoulder. She has a good amount of bone and a powerful hip. When you get behind this heifer you will see the muscling down her top and into her lower quarter. This heifer has the potential to do great things, but she is a little nervous. I think an adult breeder or an older, experienced junior showman would be able to handle her just fine.

- Here is a May heifer that has garnered lots of attention this summer and fall. 419 is a dark, cherry red heifer. She is moderate framed and complete from end to end. This heifer has adequate thickness, good spring of rib and tracks really wide. If you're looking for a younger heifer that has the genetic potential to find the backdrop, take a look at this little beauty.
