- We are going to start the 2019 sale off with one that is built like a cow that has a killer show ring look. Her picture says it all! 901's full sister was reserve calf division as junior nationals this past summer for the Graves family, and feel like this heifer will compete on the biggest stage like her sister has already done in her short show career. 901 is a very attractive fronted, huge ribbed female that built right at the ground. This moderate dark red heifer is going to have a BIG TIME show career, and her best days will be when she is a donor! Entered in Kansas City!

- This is one of the most unique heifers in the sale. 912 has a lot of "EST'S" in this group. She is the boldest ribbed, biggest hipped, stoutest featured heifer in the sale. Usually when they are the stoutest that correlates with being masculine, and that's what's so unique about this one. As stout as she is, she is very long and feminine fronted as well as smooth jointed. Roll the dice has work out very well on our cow herd and this may be as good as any of them. She too has two fall born sisters that Turkey Feather Ranch is currently showing and seeing the backdrop with. She does not have her haircoat yet, so don't let this slick haired one fool you. She is going to be really tough in the horned division!

- At the end of the day this one could be the best! 911's sister sold for \$10,000 for half interest a year back and this one is built a lot like her. 911 is the most fault free female in the sale. This heifer is really hard to pick a hole in, she is a well balanced great hipped heifer that is perfect on the move. Her mother is femonial uddered, and her full sisters both have great udders. Showing a bred heifer worries alot of families hoping that their udders will stay together. When this girl is a bred it will be her time to shine just like her momma! Bid with confidence!

- Here is a full sister to Lot 3. 915 is the smoother shouldered and more elegant fronted heifer. Built a lot like her sister with the same qualities, but this is the better haired, softer middle one that will be alot of fun to show throughout the fall. Her sister is stouter and 915 is more femanine fronted. 915 is soft middle, square hipped, big footed, great structured heifer with a ton of upside! - 918 is one of the younger heifers in the sale. She is a little green, but don't let that fool you. This dark red polled heifer is as feminine as you can make one. She has the right kind of front and rib shape coupled with being correct at the ground to compete. This one will get better every day don't over look her! Her full sister sells as Lot 6! Her mother has been a no miss cow that was very successful for us in the show ring, and I don't expect this one to be any different!

- ATTENTION! If this one doesn't catch your eye I don't know what will! Some people don't like the term freak, but that's what she is. Extremely long necked, clean chested heifer that ties into the top of her shoulders perfectly. She is a smooth shouldered heifer that opens up into a big rib cage while being good in her forerib and flank. She is the most unique heifer we have ever raised. Any angle you look at this one you will be impressed! I could talk about this heifer all day, but I will let her picture and video do the talking. She is entered for Kansas City. Full sister sells as Lot 5.

- This heifer has been a crowd favorite of many visitors and you can see why. This horned heifer is so correct in her design she is hard to pick a hole in. If your looking for a heifer that's going to be tough to beat then turn around and be a great cow, look no further. Not to mention she is going to be really shaggy! We purchased her sire from GKB Cattle a little over a year ago, and this was one of the first heifers to hit the ground and we couldn't be more excited! Her mother is a maternal sib to CH HIGH ROLLER.

- Here is another heifer that is out of our extra deep bull that has a big future ahead of her. We have worked for years to put some look into our cattle without sacrificing those maternal traits, and this heifer exemplifies that. • We may have saved the best for last! We put classified on 25 heifers this summer and when we pulled him off it looked like he had not lost a pound. His sister was extremely successful for Jaden Elam this past year, and we feel like it's his time to shine. We don't want to give him up, but we agreed that we would sell our best and here he is! This is an outstanding bull to look at on top of having curve bending EPDs. He checks all the boxes as far as we are concerned. Polled, dark red, pigmented, well balanced, easy fleshing, sound structured and a rock star on paper! Going to make a great heard bull for years to come! Don't miss the opportunity to own one of this caliber!
